

Naden Harbour - Haida Gwaii

FISHLINES EARLY WINTER 2018

The 2018 season was another incredible year at Peregrine Lodge. It was wonderful to see so many familiar faces and friends join us for our 30th year celebrations. We were excited to welcome all our new anglers as they debarked from the helicopters, eager to begin their fishing adventure with us. The very first catch of the season was just as thrilling as the last catch of the season, especially when one of our lucky guests caught a whopping 48-pound Chinook salmon. It was a terrific way to end the year.

We celebrated our monumental 30th year with fireworks, prizes and amazing giveaways while our Michelin star chefs created a coastal culinary experience that topped off our celebrations.

We are extremely proud of the Peregrine team; each crew member strives to ensure your fishing vacation is always a trip of a lifetime.

Whether you joined us on a single quest for a trophy salmon, for some fishing competition with your friends, or to pass on the thrill to your youngest fishing enthusiast, we hope that we created memories to last a lifetime.

Celebrating 30 Legendary Years

Did you know that Peregrine Lodge was one of the first to open its doors to the public in Haida Gwaii?

For over 30 years, anglers from all over the world have visited each season to experience the fishing adventure of a lifetime. These visitors have become our extended family and have shaped us into the premier fishing resort we are today.

Each trip was celebrated by a reverse draw which was enjoyed by all. Names were drawn and called out one by one as we counted down to

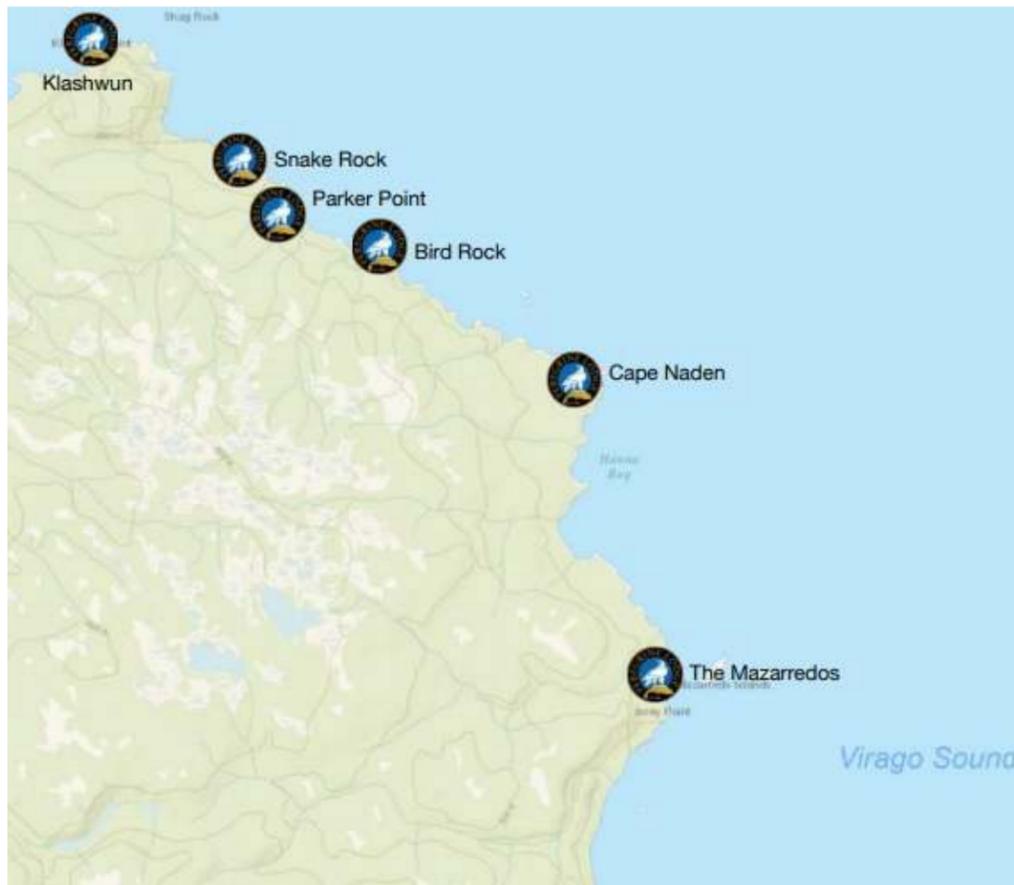

the last man standing. The winner received a Peregrine Lodge monogrammed Islander reel. Other guests received gift shop gift certificates, massages and promotional items that were bestowed to us from our long-term business partners.

The fireworks went off with a bang as often as the weather permitted, until a provincial fire ban curtailed the use of all fireworks in British Columbia. We hope that those of you who experienced the splendor in the sky were reminded that we are all children at heart.

Congratulations to all those who are now proud owners of their very own mooching reel and a heartfelt thank you to everyone who joined in the festivities.

Highlights of the 2018 Fishing Season – Best Fishing Spots & Fish Caught

What an amazing fishing season this was! From the first trip to the last, the excitement never ended.

Parker point's beautiful scenery, fabulous fishing and great structure made it the most popular fishing spot this season.

Parker allows you to do larger circles, catching salmon on both the inside and outside passes. This is the perfect location to wait for the salmon to come to you during current and tide changes.

Snake Rock remained the most consistent fishing spot for producing trophy size and record-setting salmon in the coastal waters of B.C.

It was also a favourite place for dropping the line for the first bite each morning.

Bird Rock, known for the incredible structure and abundance of birds, is another legendary fishing locale.

Guides often either mooch or troll downrigger cutplug herring here with enormous success, as countless tyees were caught in this area.

Did you know that Peregrine Lodge's largest record salmon was caught at Bird Rock, weighing in at a whopping 78 pounds? Our fishing grounds are located along the migratory path of millions of salmon returning to their natal streams and rivers to spawn. Some of the largest Chinook on record were caught right on our doorstep, meaning that every trip to Peregrine is a chance to catch the next record sized salmon.

- four 6 oz salmon fillets
- ½ juice from fresh orange
- 3 tablespoons honey
- 2 tablespoons soy sauce
- 4 garlic cloves crushed
- salt & pepper

Directions

1. Heat butter or oil in a pan at medium heat. Sear salmon for 3-4 minutes and flip to sear other side for 2 minutes.
2. Pour in orange juice. When liquid simmers down, add garlic and let cook for 20 minutes. Stir the honey and soy sauce on the side and then combine the flavours together.
3. Simmer until reduced to a beautiful syrupy-consistency. Evenly coat your salmon with the sauce so it absorbs it really well.
