

Welcome to this Month's Fishlines Newsletter

After wrapping up another successful summer at Peregrine Lodge, we jumped right into planning for an epic 2020 season. With the closure of West Coast Fishing Resorts, Peregrine is proud to welcome many of their guests to our family and share our home with all of them. Our season is already 85% booked out, with a projected sell out date by March 1st!

If you're new to Peregrine, or a veteran of 33 years, we welcome you all with open arms and cannot wait to share with you what we have in store for this upcoming season. Many exciting surprises are in the works, and while we prepare to wow each and every one of you, we thought you may need a refresher on some important lodge information.

This issue of Fishlines will outline some fun activities to partake in while visiting Haida Gwaii and many reasons to extend your visit, as well as update our new guests on our famous fishing hotspots. Take note of what to bring on your fishing vacation, and learn from our head chef, Jeff Miller, how to cook the perfect halibut with his favourite recipe.

We hope you enjoy our latest Fishlines newsletter!

With Best Wishes,
The Peregrine Lodge Team
